TIDIOUTE COMMUNITY CHARTER SCHOOL

EDUCATIONAL PHILOSOPHY / MISSION

Mission Statement

The mission of the Tidioute Community Charter School is the development of the mind, soul, and physical well-being of our students through the creation of a safe environment, community involvement, innovative teaching practices, individualized attention, and a mentor program that results in a world-class education in a small town environment.

The school in Tidioute is the heart of the town. Although a part of the large, sprawling Warren County School District since consolidation in the 1970s, Tidioute has maintained a separate identity. The school district's response to the need to educate children scattered across the rural county has been to transport them to large schools. Tidioute Community Charter School represents a philosophical and pedagogical alternative to school consolidation.

TCCS offers a small school in a beautiful natural setting that is embedded in its locale. TCCS will use the environment of a small town on a scenic river that depends substantially for its economy on a seasonal population and businesses addressed to outdoor leisure activities. Instead of removing children and young people from this environment, TCCS will use the community and the environment to teach citizenship, entrepreneurship, resource management -to teach relationships and interdependence. In doing so, TCCS hopes to give its students the independence to leave and the tools to stay, should they desire.

To offer this educational alternative, TCCS offers a rich curriculum that is both rigorous and innovative; rigorous in range and depth of coursework but innovative in the emphasis on projects and mentorships. Students will flourish in the differentiated classroom where their particular learning styles and learning process will emerge in interaction with teachers and peers. Assessment will be ongoing, contextual, and authentic. The TCCS learning environment is one in which students will be taught facts and rules to apply to reality and to restate on examination; in contrast, students will be expected to move from facts, to concepts, to principles, to attitudes, and then to demonstrable skills.

This approach to teaching and learning is well-grounded in educational philosophy and psychology. By adopting this approach, TCCS intends to graduate seniors who are able to negotiate a place in the world of family, community, education, and work.

Dear Tidioute Community Charter School Students/ Parents/ Guardians:

Greetings and welcome to TCCS. Our handbook has information about our policies and school procedures that will help to ensure student success. Please read and keep this book for reference and return the student/parent acknowledgement.

TCCS acknowledges our students' success is a result of a partnership between students, parents, teachers, guardians, administration, and the community. Students must complete the required amount of credits (28) for graduation. Curriculum has been developed according to PA PDE Chapter 4 academic standards. We expect full cooperation and collaboration in regards to learning at our unique charter school. It is our privilege to instruct the students of TCCS. Charter schools are schools of choice.

We look forward to helping your child(ren) succeed.

Sincerely,

Dr. Douglas Allen
CEO
Tidioute Community Charter School

Annual Notice of Parents' Rights under The Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over the age of 18 (“eligible students”) certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student’s education records within 45 days of the day that TCCS receives a request for access.

Parents or eligible students should submit to the CEO a written request that identifies the record(s) they wish to inspect. The CEO will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

No fee can be charged for the retrieval of education records. Should the parent request a copy of their child's education records; the TCCS may charge a copying fee of \$ 0.25 per page. (Fee may be waived by the CEO).

2. The right to request the amendment of the student's education records that the parent or eligible student believes is inaccurate or misleading.

Parents or eligible students may ask the TCCS to amend a record that they believe is inaccurate or misleading. They should write to the CEO, clearly identifying the part of the record they want changed, and specify why it is inaccurate or misleading.

If the TCCS decides not to amend the record as requested by the parent or eligible student, the CEO will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

The parent or eligible student may also write a statement outlining their objection to the record. This statement will be attached to the document in question and will remain in the student's file for the length of time that the document continues to be a part of the student's education record.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the TCCS as an administrator, supervisor, instructor or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the Board of Trustees; a special task (such as an attorney, auditor, medical consultant, or therapist); a person or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities.

Upon request the TCCS discloses education records without consent to officials of another school district in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the TCCS to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, DC 20202-4605

SCHOOL RULES

TCCS has the authority to make reasonable and necessary rules governing the conduct of students in school. TCCS may not make rules which are arbitrary, capricious, or outside their grant of authority from the General Assembly. Their rules must stand the test of fairness and reasonableness. A rule is generally considered reasonable if it uses a rational means of accomplishing some legitimate school purpose.

PARENT/TEACHER ORGANIZATION (PTO)/CAPTIVATE (Community and Parents Together Involved in Volunteering and Teaching Excellence)

Services of volunteers may be accepted by the Board, the CEO, the support staff, teachers, and coaches. Volunteers will be required to complete a “Volunteer Application Form” and to obtain Act 34, Act 151, Act 114 clearances, and submit a negative TB test.

Volunteers may come from all backgrounds and all age groups and include any person willing to give their time to help students and school staff members. Volunteers may be involved in working with students on a one-to-one basis or performing tasks not involving students. Volunteers are to be used in a manner that supplements the existing programs.

School personnel will identify appropriate tasks for volunteers. Volunteers may not provide transportation to students in their personal automobiles for any school-sponsored activities.

The CEO is responsible for establishing guidelines covering their use throughout the school. The PTO/CAPTIVATE handbook is available upon request through the PTO Coordinator, Heather Cass.

GUIDELINES FOR PARENT-TEACHER CONFERENCES

Teachers are pleased to discuss with parents any questions or concerns about their child or educational program. However, the education program functions best with the fewest interruptions. Please avoid disrupting class during instructional times.

We would like to take this opportunity to encourage your cooperation in following a few basic guidelines to effectively communicate with school personnel:

1. Parents/guardians should communicate first with teachers regarding classroom problems.
2. Appointments for private conferences with teachers should be made in advance by contacting the teacher directly.
3. All visitors are to enter on the Jefferson side of the building, check in at the front desk with the current building guidelines, sign-in, and obtain a visitors badge through our RAPTOR system. All visitors will be required to present a state ID or Driver's License before entering into the building.
4. Problems, which cannot be resolved during parent-teacher conferences, should be taken to the CEO/Principal.
5. Formal scheduled Parent-Teacher Conferences are conducted by appointment.
6. There will be an all school Parent-Teacher Conference on October 6th. Grades K4 - 12 will schedule with their classroom teachers.

VISITORS TO TCCS

All visitors to the school are to report to the Front Desk in the lobby to sign-in and obtain a visitors badge through our RAPTOR system. All visitors will be required to present a state ID or Driver's License. Please enter on Jefferson St. Side (rear entrance) as the Main St. side is no longer a public entrance.

Authority

The Tidioute Community Charter School Board of Trustees welcomes and encourages interest in charter school educational programs and other school-related activities. The Board recognizes that such interest may result in visits to school by parents/guardians, adult residents, educators and other officials. To ensure order in the school and to protect students and employees, it is necessary for the Board to establish a policy governing school visits.

Delegation of Responsibility-The CEO or designee has the authority to prohibit the entry of any individual to the charter school in accordance with Board of Trustees guidelines and state and federal law and regulations.

Guidelines

Upon arrival at the school, visitors must register where they will sign in and sign out, receive a badge, and receive instructions.

After the start of the school day, visitors to the school must use the buzzer system for entry and report directly to the main office. All other entrances shall be locked.

All staff members shall be responsible for requiring a visitor to demonstrate that s/he has a visitor's badge.

No visitor may confer with a student in school without the approval of the CEO or designee.

Should an emergency require that a student be called to the school office to meet a visitor, the CEO or designee shall be present during the meeting.

No visitor shall be allowed to photograph or videotape any person or any part of the building or to tape record any conversation without proper approval of the building CEO, Director of Special Education, or designee.

Failure to comply with this policy shall result in more limited access to the school as determined by the CEO, consistent with Board policies, administrative regulations, school rules and federal and state law and regulations.

Classroom Visitations

Parents/Guardians may request to visit their child's classroom, but the request must be made prior to the visit, in accordance with established administrative regulations.

The CEO, Special Education Director, or designee must grant prior approval for the visit, and shall notify the classroom teacher prior to the visit.

In order to minimize disruption of the classroom schedule and the educational process, the number and length of parent/guardian visitations shall be coordinated, scheduled, and monitored by the CEO or designee. Parental participation in classroom activities or programs such as room parents, back-to-school events, and chaperones for field trips shall not constitute a classroom visit for purposes of this policy.

The CEO, Special Education Director, and classroom teacher have the authority to ask a visitor to leave if the visitor disrupts the classroom routine, educational program or daily schedule, or if a visitor violates Board policy. Failure to leave when asked or repeated, documented disruptions may result in loss of classroom visitation privileges.

Under exceptional circumstances and upon request of the Special Education Supervisor, classroom teacher or parent/guardian, the CEO may authorize additional or longer classroom visits by a parent/guardian or other recognized professional on behalf of the parent/guardian.

Military Personnel

Members of the active and retired Armed Forces, including the National Guard and Reserves, shall be permitted to:

1. Visit and meet with district employees and students when such visit is in compliance with Board policy and charter school procedures.
2. Wear official military uniforms while on district property.

CUSTODIAL RIGHTS

The TCCS will direct all communication to the student's natural parents or guardians. When custodial rights are changed from both natural parents to another arrangement of guardianship or custodial care, the school should be presented with legal documentation. Court orders of this nature should be registered with the CEO. The school may request notarized statements where custodial arrangements are informal.

Legal Parents/Guardians not living at the same address as the student may request school information by contacting the building secretary.

Participation in School Activities

1. In the case of late arrivals students must be signed in at the office before 10:00 a.m. If a student signs in after 10:00 a.m., they will not be eligible to participate in the day's practice/game/event. The Attendance team will investigate unusual circumstances. This expectation is in place so that students may not choose to avoid school work but still intend to play the sport/activity/event after school.
2. Late arrivals (tardies) by students participating in extracurricular activities are limited to **5** occurrences without proper documentation. Students who exceed that limit will not be eligible for that day's practice/game/event thereafter.
3. If a student is absent part of the school day due to a medical reason or family emergency, he/she may provide an excuse from the doctor for medical reasons or parent/guardian for a family emergency validating the absence to still be eligible to participate in that day's practice/game.
4. In the case that student is part of a school club or organization that has an activity requiring absence during the school day, the absence will be excused and he/she will be eligible for the day's practice/game/event.
5. Attendance shall be tracked by the event Advisor.

Tardiness

1. **Homeroom** - The Attendance Officer will document when a student accumulates 3 unexcused tardies (excused/unexcused is verified by giving the student three (3) days to bring in the excuse and determining if the excuse is "excused" or legal"). If you are tardy three days to homeroom without an excuse, you will receive an after school detention.
2. **School** - A student who is tardy to school after homeroom must sign-in. If you are tardy three days to school without an excuse, you will receive an after school detention.
3. **Class** -If you are tardy three times to the same class without an excuse, you will receive an after school detention or a Saturday detention.

Withdraw

If a student is absent from school for ten (10) consecutive days, that student will be removed from the active membership roll unless one of the following occurs:

1. The Charter School has been provided with evidence that the student's absence may be legally excused, or
2. Compulsory attendance prosecution has been or is being pursued.

Appointments

Remember that each time a student is absent from class, he or she misses something important. Parents should please try to schedule out of school student appointments (medical, dental, etc.) after school hours. When this is impossible, consult the bell schedule to find the least disruptive time for your child to be absent.

No student will be allowed to leave school or the school grounds for any reason without permission from the office. A student having an appointment with a doctor or dentist during school hours must bring a note to school signed by the parent indicating the date, time, and type of appointment. This note must be presented to the office the morning of the appointment or earlier. Before leaving the school and upon arriving after 8:00 am the student must sign in and out at the lobby desk. A parent or guardian must sign the student out unless the student is 18 years of age or older. Licensed permitted drivers with a signed parent note are the exception.

TARDINESS/LATE ARRIVALS

Students arriving after the homeroom bell will be marked tardy. 3 unexcused tardies will receive an after school detention.

Any student arriving after 1:00 will not receive credit for the day.

LEAVING SCHOOL EARLY

Any student leaving before the dismissal bell at 3:11 pm that does not return may be marked ½ day absent and may be marked absent for the entire day depending on the time and reason for leaving.

Educational Trips and Tours

The TCCS will use the following procedure to authorize legal absences for students who will be on family education tours and trips:

1. The parent must complete the Educational Field Trip form in advance explaining the nature and extent of the tour, trip, and/or activity, and its expected educational value.
2. The student is responsible for all work missed and will have the opportunity to make up the work without penalty within five days upon their return date of absence. After this time frame the student will receive a zero in the gradebook for all work not turned into the teacher in this timeframe.
3. Approval is to be requested before leaving on the tour, trip, or activity.
4. The CEO must sign this form to give permission and is required to maintain a copy of the letter/approval in the child's file for future reference.

The CEO is authorized to make the decision on approving these requests. The CEO does have the right to deny a vacation. If the trip is denied and the student chooses to still attend, the days missed will be considered unexcused.

TCCS HONOR ROLL/MERIT ROLL GUIDELINES

Honor Roll Requirements

Honor Roll: 93% - 94.9%

Merit Roll: 95% and above

- Students can have no “Ds”, “Fs” or “Us” on their report card for that marking period.
- Spanish for 6th grade meets 5 days a week and will be graded. This grade will count towards their average. Spanish does not count towards the average for grades 2-5 as it only meets once a week.

Middle and High School Students 7-12

- Honor Roll is awarded to a student after each marking period.

Academic Performance Recognition Trip Guidelines

Students in grades 3-12 who earn grades that qualify them for the Academic Performance Recognition Trip are invited to attend an end of the year field trip in June after the school year concludes. A student must be enrolled at TCCS for at least three full quarters in order to be eligible for this trip. Transferring grades for the current year must meet or exceed TCCS requirements for their grade level Honor Roll. If a student has any disciplinary action taken it is up to the administration on a case by case basis if the student will be allowed to attend this event.

Students will qualify for this trip if each marking period has been a 93% or above, with no rounding for all 4 marking periods. Students can have no “D”, “F”, or “U’s”.

Marking period 1= 93% or above
 Marking period 2 = 93% or above

A student who receives an “I” has five school days after the marking period ends to make up the Incomplete work. If the student does not complete the make up work in the five school day time frame the missing assignments/test will be replaced with zeros and be average into the final grade. Time extensions under extreme circumstances can be approved by the CEO/designee.

The CEO/Principal shall be assigned the final responsibility for determining the promotion or retention of each student.

Promotion and Retention Policy #215

The Tidioute Community Charter School Board of Trustees recognizes that the emotional, social, physical, and educational development of students will vary and that students should be placed in the educational setting most appropriate to their needs. The charter school will establish and maintain high standards for each grade and monitor student achievement in a continuous and systematic manner.

The Board establishes that each student shall be moved forward in a continuous pattern of achievement and development that corresponds with the student’s development, the system of grade levels, and attainment of the academic standards established for each grade.

A student shall be promoted when s/he has successfully completed the curriculum requirements and has achieved the academic standards established for the present level, based on the professional judgment of the teachers and the results of assessments. A student shall earn the right to advance to the next grade by demonstrating mastery of the required skills and knowledge.

Retention Procedures

- Students in grades K4-12 in jeopardy of retention, school conferences between such interested persons shall occur to reach a combined view. The parents/ guardians of children in jeopardy will be invited to those conferences, if they do not attend the conference the retention conference will still occur. Results obtained from various tests and class work assignments will be important factors in the decision. It will be the Administrative team's responsibility to make the final determination. Concurrent with a recommendation to retain, a plan to insure proper remediation during the next school year is to be developed by teachers, administrators, counselors and the parents of the involved student.
- Middle School (7-8): If a student fails one core course the student will have the opportunity to recover the credit over the summer, if they do not use the summer to obtain a passing score in the course the

student will repeat the current core course in the fall. If the students fails (2) core courses they will be retained in the current grade level.

- High School (9-12): If a student fails any course they will be promoted to the next grade level. The failed credit will be repeated in the following year's schedule or they will have an opportunity to recover the credit during the summer program. If a student is unable to obtain the 28 required credits by the end of the 4th year of high school, they will be required to attend a full day for a 5th year to obtain a diploma.

Guidelines

1. In all cases of retention, the parents shall be fully involved and informed through the process. Parents and students shall be informed of the possibility of retention.
2. Academic achievement, attitude, effort, work habits, behavior, attendance, and other factors relating to learning shall be evaluated regularly and communicated to students and parents/guardians.
3. The charter school shall utilize multiple measures of academic performance as determinants in promotion and retention decisions.
4. Progress toward high school graduation shall be based on the student's ability to achieve the established academic standards and pass the required subjects and electives necessary to earn the number of credits mandated by the Board for graduation.
5. When new students are admitted and transfer to TCCS, the principal shall decide on credit acceptance issues and grade placement.
6. A child's placement should be that which, in the judgment of the school, best serves his/her educational welfare. The responsibility and authority for making this placement belongs to the school, not to the parent.

SCHEDULE CHANGES

A student's class schedule may be changed through the Student Success Specialist, Melissa Mahaney. Changes are subject to the following policies:

1. Requested changes within the same course simply to be assigned a different teacher ARE NOT PERMITTED.
2. If a student enters a new course late, the teacher may, if he or she considers it appropriate, require that a student make up the work that was missed.
3. Any student who withdraws from a course after the first marking period will receive a grade of WP (withdraw-passing) or WF (withdraw-failing). A WF eliminates a student from the honor roll for that nine-week marking period.
4. Any course changes will be accomplished by the first Friday of the school year and before the start of semester two. Courses will only be changed due to mistakes in the schedule, educational reasons, or because courses are not able to be scheduled due to conflicts. If you're signed up for a course, and it is on your schedule it will NOT be dropped or changed except for educational reasons or at the discretion of the CEO.

ADVANCED PLACEMENT Policy # 217A

Advanced Placement courses are available through approved Online Learning and AP classes at TCCS and Dual Enrollment courses are available through board approved university programs. Students must be in good academic standing to enroll in these courses. There may be an application process for each program. The TCCS Board of Trustees has determined that each college credit is equivalent to 0.33 high school credit. Therefore, a three (3) credit college course equals one (1) high school credit. Advanced placement classes and dual enrollment courses will receive higher weighting, as indicated below, with a passing grade upon course completion.

Weighted Grading Scale

STUDENT TRANSPORTATION

The following subsection outlines what is expected of students who ride a school bus to the school: Your child's safety is our primary concern.

Our Transportation Manager is Mr. Tony Shirey. Please call him if you have any questions regarding transportation. His phone number is 814-484-3550 ext 104. We have adopted the transportation outlines as set forth by our governing district and will follow the transportation policy of the county.

Transportation of students on a school bus is a privilege that may be revoked. Any behavior by a student or a group of students which infringes upon the rights of other individuals who might be riding on the bus at the same time, or which endangers the lives of all passengers by interfering with the bus driver's ability to maintain control of his vehicle, will not be tolerated.

Parents are required to review the BUS RULES AND REGULATIONS with their children. A pupil who cannot maintain self-discipline forfeits this privilege and must rely on other means of transportation. The school bus driver is authorized to enforce safety and school standards on the bus. While on the school bus, the student is under the authority of and directly responsible to the bus driver. The bus driver does not have the authority to remove a student from the bus. If a bus suspension is necessary, you will be contacted by the building principal.

TRANSPORTATION PROCEDURE

Students will be transported from home/childcare facility to school and from school to home/childcare facility within the student's assigned school attendance area. Students will be allowed one AM bus stop and one PM

bus stop. Changes to the bus stop must be submitted to the Transportation department on a Transportation Change Request form with a parent/guardian signature.

CHANGE OF BUS IN EMERGENCY SITUATIONS

Warren County School District students, Forest Area students and Titusville Area shall ride their assigned bus. In the event of an emergency situation, Changing a student's assigned bus stop in emergency situations will be handled on a case-by-case basis. An emergency is defined as: a serious situation or occurrence that happens unexpectedly and demands immediate action. Changes to an assigned bus stop due to an emergency situation will not be honored on a frequent (monthly or weekly) basis, shall cease upon the resolution of the emergency situation, and accommodations can only be provided when there is available space on the affected vehicle. In the event that a parent or guardian feels that an emergency situation is present, the parent or guardian shall contact the building principal, who will then notify the transportation office of the emergency-based request. Whether a situation constitutes an emergency shall be determined at the sole discretion of the District's Manager of Transportation.

School Bus Procedures/Behavior on the Bus

Bus drivers will explain expectations to students starting the first day of school. We encourage all parents to review these rules with their children to help instill the importance of safe and respectful bus behavior. Students should follow the directions of their bus driver. Students should sit front facing in their assigned seat. Students are not allowed to eat, drink, chew gum, bring tobacco products, vaping devices, alcohol or any controlled substance on the bus. Only items that will fit on a student's lap are allowed on the bus. Balloons, animals, sharp or dangerous objects, or hazardous materials are not allowed on the bus. Students should refrain from using loud voices, profanity, and/or obscene gestures and respect the rights and safety of others. School buses are a bully free zone. If a student brings an item on the bus that is a distraction or causing a disturbance on the bus, the bus driver has the right to confiscate the item (including balls, noise makers, game devices, etc.). The item will be returned to the student at the end of the student's trip or will be given to the principal of the school at which the student attends.

Transportation Offense

If the student misses school the day their transportation privileges are removed, the following day they return to school, the removal of transportation privileges will apply.

**Students will be held responsible for damages to any school bus. BUSES ARE TO BE SAFE PLACES FOR STUDENTS AND GUESTS AND DRIVERS.*

STUDENT INSURANCE COVERAGE Student Accident Insurance Policy #211

The Tidioute Community Charter School purchases supplementary accident/health insurance or hospitalization insurance or ambulance services for all of our students; however, it is the parents' responsibility to provide primary coverage. The coverage purchased by the charter school is secondary to all other available coverage.

It is suggested that parents review their own insurance coverage in the following areas if you have a student participating in athletics and/or extracurricular activities.

1. Ambulance Services: Consider purchasing coverage from an agency in the local area. This is usually provided by a fire department/ambulance service, or coverage can be provided by insurance agents as part of a total accident/health package.

2. Accident and Hospitalization Coverage: This can be purchased for a nominal fee from a local insurance agent. Children's Health Insurance Program, or CHIP, covers uninsured

kids and teens up to age 19 who aren't eligible for Medical Assistance. Go to CHIPcoversPAkids.com to apply. Make sure your child's sport and/or activity is included in the coverage.

HEALTH SERVICES

Students who become ill during the school day may report to the nurse's office (or the main office if the nurse is not in the building). Students may not leave the building without permission from the nurse or main office and must also have a parent or guardian permission before going home. Students leaving the building must sign-out in the office before leaving. Students may not drive themselves home without parental permission.

***If the school nurse sends a student home from school during the school day due to being ill or another medical issue, it will be considered an excused medical absence.**

HEALTH SCREENINGS

Screening activities are held on an ongoing basis. The purpose of screening is to identify students who may need further evaluation. Areas screened are as follows:

1. Height and weight – every year.
2. Vision screening –every year.
3. Hearing screening – Grades K, 1,2,3,7, & 11.
(Screening may be done in other grades if there has been a problem.)
4. Dental examination – Grades K or 1, 3, & 7. (This is an examination only.)
5. Physical examination – Grades K or 1, 6, & 11. (This is an examination only.)
6. Scoliosis screening – Grades 6 & 7. (This exam is done visually.)

Physical and dental exams will be given in 1st grade if the child never attended kindergarten

EMERGENCY HEALTH RECORD

Please assure that the Parent Emergency Consent Form is completed and on file at the school within the first three (3) days of the school year. This information is extremely important in locating parents for student illness, accident, or other emergencies. This information will be used in the event of an early dismissal should a major emergency occur.

MEDICATION POLICY

This is a review of the TCCS procedures for administering medication at school.

1. All medications, both prescription and non-prescription, must be brought to school by a parent or guardian. Medication should never be brought to school by a student.
2. Medications must be brought to school in the original pharmaceutically dispensed and properly

labeled container.

3. Medication Administration Consent permission forms must be completed by the student's physician and parent or guardian prior to the administration of medications (prescribed and non-prescribed) in school. The only exception to this procedure is that students are permitted to carry their inhalers and epipens after the permission forms are complete.

4. Many medication schedules, including antibiotics, can be arranged to avoid administration during school hours. Please consult your physician when medications are prescribed.

5. Medications may only be administered by the Nurse. If the nurse is unavailable, the parent/guardian must administer medication to their child.

These procedures may be inconvenient, but they are in place to ensure student safety. TCCS will follow these guidelines carefully. Student safety is always a priority.

STUDENT EXPERIENCING HOMELESSNESS/ MCKINNEY-VENTO ACT -Students who believe they could be considered Homeless or those who have experienced a certain qualifying condition may benefit from the McKinney-Vento act of the U.S. Congress. Specific details are available on the PDE website ,the TCCS website and ,of course, from TCCS staff.

Purpose

In 1987, Congress passed the Stewart B. McKinney Homeless Assistance Act, (subsequently renamed the McKinney-Vento Homeless Assistance Act) to aid homeless persons. The Act defines the term "homeless children and youths" as individuals who lack a fixed, regular, and adequate nighttime residence. On December 10, 2015, the Every Student Succeeds Act (ESSA) was enacted, amending McKinney-Vento.

Procedures

This Basic Education Circular (BEC) explains the categories of children who are "homeless" and entitled to the protections of the federal law. These categories include:

children and youths who are sharing the housing of other persons due to loss of housing, economic hardship or a similar reason; are living in motels, hotels, trailer parks or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; are abandoned in hospitals;

children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings;

children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings;

“migratory children” who qualify as homeless under federal law because the children are living in circumstances described in clauses (i) through (iii) above. The term "migratory children" means children who are (or whose parent(s) or spouse(s) are) migratory agricultural workers, including migratory dairy workers or migratory fishermen, and who have moved from one school district to another in the preceding 36 months, in order to obtain (or accompany such parents or spouses in order to obtain) temporary or seasonal employment in agricultural or fishing work; and,

"Unaccompanied homeless youth" including any child who is "not in the physical custody of a parent or guardian." This includes youth who have run away from home, been thrown out of their home, been abandoned

by parents or guardians, or separated from their parents for any other reason.

Communication and collaboration among education and child welfare professionals is critical to support school stability and continuity for children in out-of-home care. The law requires child welfare and local education agencies to work together to promote school stability and continuity including trying to ensure children remain in the school in which they were enrolled at the time of placement when it is in their best interest. Best practice would suggest that decisions be made collaboratively between school personnel, child welfare agencies and any other individual involved in the child's case including the child, resource parent, child advocate and attorney. It is imperative that caseworkers and school district administration and staff work together to help ensure the educational progress of all students.

Under the Pennsylvania Education for Homeless Children and Youth State Plan, homeless children are defined as "children living with a parent in a domestic violence shelter; runaway children and children, and youth who have been abandoned or forced out of their home by parents or other caretakers; and school-aged parents living in houses for school-aged parents if they have no other available living accommodations."

PDE BEC. HOMELESS YOUTH. More details are on the PDE website under Homeless . One may also see TCCS Board Policies. TCCS staff will ensure students who need help or assistance will receive that assistance.

Dispute Resolution Process

Pursuant to the McKinney-Vento Act, every state must develop procedures for the prompt resolution of disputes regarding the educational placement of homeless children and youths. 42 U.S.C §11432(g)(1)(C). The state must ensure that LEAs comply with requirements set forth in the McKinney-Vento Act including ensuring immediate enrollment, providing written notice to families concerning school selection, enrollment decisions and providing enrollment and pendency in the school of choice while a dispute is being resolved. 42 U.S.C §11432(g)(2)(A).

PDE has developed the following procedures to govern the resolution of disputes regarding enrollment, school selection, homeless status and complaints of non-compliance with legal requirements pertaining to the education for homeless children and youths:

Level 1 – A dispute may be raised with a LEA.

If a dispute arises over school selection or enrollment, the child or youth involved must immediately be admitted to the school in which they are seeking enrollment, pending resolution of the dispute 42 U.S.C.§11432(g)(3)(E)(i). PDE recommends that the parent, guardian or unaccompanied youth who initiates the dispute contact the LEA liaison for individuals experiencing homelessness as soon as possible after receiving notice of the dispute. If the person initiating the dispute does not contact the LEA liaison directly, the LEA shall be responsible for contacting the LEA liaison regarding the dispute as soon as possible and referring the family or youth involved to the liaison.

The LEA liaison shall ensure that the child or youth is immediately enrolled, explain the dispute resolution process to families and help them to use it 42 U.S.C. §11432(g)(3)(E)(iii). The LEA shall issue a written disposition of the dispute within 20 business days after the LEA liaison is notified of the dispute. The disposition shall be provided to the parent, guardian or unaccompanied youth and shall explain the basis for the decision and advise the parent, guardian or youth of the right to appeal. 42 U.S.C.§11432(g)(3)(E)(i).

NOTE: The LEA should use and maintain copies of PDE's "Notice of Procedural Safeguards" form (see attached) which ensures that all LEAs (a) inform families of the basis of their decision regarding enrollment or school selection; (b) notifies families of their right to remain in their school of choice pending resolution of the

dispute and (c) explains the procedures for challenging the decision of the LEA.

Level 2 – A complaint may be filed with a McKinney-Vento coordinator.

If the parent, guardian or unaccompanied youth is dissatisfied with the LEA's disposition of a dispute or would like to raise any issue of McKinney-Vento Act noncompliance, they may file a complaint or appeal with a McKinney-Vento site or regional coordinator or with the state coordinator. (See attached list which contains contact information for all of the McKinney-Vento coordinators in Pennsylvania). In lieu of filing an appeal with a McKinney-Vento coordinator, a parent, guardian or unaccompanied youth may elect to appeal the LEA decision directly to a court of competent jurisdiction. Participation in the appeal procedure is not required prior to taking legal action.

A regional or site coordinator with whom a complaint or appeal is filed must notify the state coordinator immediately. Upon being notified, the state coordinator will review the complaint or appeal and assign it to a site or regional coordinator for disposition. The coordinator to whom the appeal is assigned may contact, interview and accept documentation from any individual or LEA involved, and shall issue a written disposition within 20 business days after the complaint or appeal has been assigned. The disposition shall be provided to the LEA and the parent, guardian or unaccompanied youth involved. The child or youth shall continue to be enrolled in the school in which he or she is seeking enrollment until the complaint or appeal is resolved or until a disposition from a McKinney-Vento coordinator is received.

The state coordinator may assist in the mediation of disputes directly and may also invite those involved to have the dispute mediated at any time in the process through the Dispute Resolution Program operated by the Commonwealth Office of General Counsel (OGC). The OGC Dispute Resolution Program is a voluntary informal process through which a trained mediator assists in reaching a mutually acceptable resolution.

Participating in mediation is not a waiver of the right to file a lawsuit nor is participation in mediation required prior to taking legal action.

NOTE: The parent, guardian or unaccompanied youth may file a complaint with the McKinney-Vento site, regional or state coordinator on the attached complaint form. However, the use of the attached form is not mandatory. Any dispute raised by a homeless family or youth concerning school enrollment or any other right under the McKinney-Vento Act whether received via telephone, letter or any mode of communication shall be treated as a complaint.

RUMOR CONTROL

Rumors about safety issues and other school events can be disruptive to the educational process and can cause undue stress among students, parents and staff. Parents and students who hear rumors and stories are to contact the CEO/designees or report it to SAFE TO SAY. School officials can then investigate the rumor and share the facts with the school community.

STUDENT DRESS

No student shall wear any apparel or jewelry that by words, pictures, or any combination thereof advocates or promotes sexual activity, violence, use or sale of alcohol or drugs demeans or degrades another because of race, sex, religious persuasion, national origin, handicap or disability, and or creates a disruption to teaching and learning environment.

Items not permitted: Tops without straps, hats, jeans with excessive rips/tears, apparel that reveals or exposes the midriff, cleavage, lower back, chest, sides of the upper body, or undergarments is not permitted.

Undergarments must be fully covered. Shorts, skirts, and dresses must be of acceptable length. No shirts that

have open sides and the arm opening must be at the armpit. The US Supreme Court has decided that student dress can be regulated in the sense that dress cannot be distracting to the educational environment.

Failure to comply with the TCCS dress code will result in one or more of the following:

- Student must change clothes.
- If you do not have clothing, check with the school nurse to see if something is available for you to wear
- A phone call home to Parent/Guardian.

STUDENT LOCKERS

All student lockers are and will remain the property of the school. For the safety of the students, employees, and school visitors; it is important that lockers not be used as repositories for controlled or dangerous items such as drugs, alcohol, weapons, etc. A student using a locker that is the property of TCCS is presumed to have no expectation of privacy in that locker or its contents. Search of such lockers is permissible by school authorities, without prior warning. Any item in which a student has an expectation of privacy, be maintained upon that student's person or that the student not bring such item on school premises. It is the responsibility of the student and/or parents to provide a lock for the student's locker. TCCS cannot be responsible for lost, stolen, or misplaced items. In order to be granted the privilege of having the use of a school locker, the student at the beginning of each school year will be required to review this policy with school administrators, sign a locker contract, and have any questions answered. Students are not allowed to share lockers or use lockers not assigned by their advisors. If a lock has to be removed by the custodial staff, the student must inform the office.

BACKPACKS

- *Are permitted and remain eligible for searches regardless of if the backpack is in the possession of the student, in a locker, or other location of the school.*

Students are permitted to bring backpacks to school. A teacher may ask a student to keep their backpack in their locker if it becomes a disruption in the class. The person carrying the backpack will be responsible for the contents of the backpack.

Board of Trustees Policy

SEARCHES OF STUDENT, LOCKER, AND PERSONAL PROPERTY POLICY

The Board of Trustees ("Board") of the Tidioute Community Charter School ("Charter School") acknowledges the need for safe in-school storage of books, clothing, school materials and other personal property of the students and may provide lockers and cabinets for such storage. The Board also acknowledges the need for all students, staff and visitors to function within a safe and healthy school environment.

While lockers are issued to each student for use during the school day for storage of items related to the student's school day, all lockers are and shall remain the property of the Charter School. Students are encouraged to keep their assigned lockers or cabinets closed and locked against

incursion by other students, but no student may use a locker as a depository for illegal or dangerous substances or objects which are prohibited by the Student Code of Conduct or substances or objects which constitute a threat to the health, safety or welfare of the student body or pose a threat to the building itself.

No student is permitted, pursuant to the Charter School Code of Conduct, to keep on or about their person, illegal or dangerous substances or objects which are prohibited by the Student Code of Conduct or substances or objects which constitute a threat to the health, safety or welfare of the student body or pose a threat to the building itself.

The Board authorizes its employees to inspect a student's locker, personal property, (bookbag, handbag, etc.) and/or person, when such employee has a reasonable suspicion to believe that storage of contraband, a substance or object the possession of which is illegal, or any substance, object or other material which poses a hazard to the health, safety, welfare and good order of the school is being stored in or on the student's locker, personal property or person.

The CEO shall develop procedures to implement this policy which shall require:

1. All requests or suggestions for the search of a student's locker, personal property or person shall be directed to the CEO.
2. Students shall be notified and given an opportunity to be present for a search of Student's locker and/or personal property except in the case where a reasonable suspicion exists that the locker/personal property contains materials that pose a threat to the health, welfare or safety of the students in the Charter School. The CEO/Principal shall appoint a third party administrator or staffperson to be present at the locker and/or personal property inspection. An administrator or staffperson of the same sex as the student being searched will be present in addition to another Charter School administrator or staffperson for a search of the student's person.
3. The CEO/Principal/Vice Principal shall be responsible for the safekeeping and proper disposal of any substance, object or material found to be improperly stored in a student's locker, personal property or on Student's person.
4. The CEO/Principal/Vice Principal shall be responsible for the prompt recording in writing of each such inspection which record shall include the reasons for the search, persons present, object found, and their disposition.
5. The CEO/Principal/Vice Principal shall be responsible for the safekeeping, confiscation and proper disposal of any substance, object or material found in a student's locker in violation of law, Board policy and/or Student Code of Conduct.
6. A random search may only be done if there is a compelling interest in protecting and preserving the health, safety or welfare of the Charter School population.

7. Illegal and prohibited materials seized during a student search may be used as evidence against the student in a Charter School disciplinary proceeding. Searches conducted by the Charter School may include, but are not limited to, metal detection units, or any device used to protect the health, safety and welfare of the Charter School population.

Video Surveillance Policy

The Board of Trustees of Tidioute Community Charter School (“Charter School”) ensures that all students have the right to a safe school environment and therefore, endorse this policy with regard to video surveillance within the Charter School’s classrooms, hallways, lunchrooms, assembly halls or other public areas of the School building in which Students do not have an expectation of privacy. There will not be any audio recording of students or others in the School building as part of the video surveillance approved through this policy.

In order to prevent any foreseeable FERPA violations, this Policy sets forth:

- a clear statement of appropriate reasons for using surveillance cameras;
- the role and responsibilities of individuals with access to the cameras;
- individuals who will have access to any footage;
- how long will any footage be kept and how will it be destroyed; and
- the need for a consent provision to be signed by Parents/Guardians.

Such surveillance is permitted primarily for the purpose of monitoring and improving student safety. This video footage may also be used as part of a Student or Students’ educational programming if Student is IDEA eligible and as a result has behavioral needs or has behavioral accommodations in the Student’s Section 504 Service Plan. This footage may provide valuable information as to behavioral triggers, both individually and environmentally, that are critical to the successful completion of Functional Behavioral Assessments, Positive Behavior Support Plans, and informal behavioral interventions. In both cases, images from the video surveillance cameras are subject to the Family Education Rights and Privacy Act, (“FERPA”), if being maintained as educational records for use in educational programming and/or disciplinary actions.

The CEO, Technology Director, and other designated Administrators, as necessary in a situation, will have access to the camera footage in order to determine if same will be maintained as an educational record based on the content of the video footage. A Charter School employee, contractor, volunteer, Parent or Student should notify either the CEO, Technology Director, or other designated Administrator if there is a belief that some or all of the video footage from one or more dates requires review with regard to a behavioral or disciplinary incident or involves educational programming for one or more students.

In addition to Charter School personnel listed above, and in accordance with FERPA, these videotaped educational records may only be shared with the Parents/Guardians of the students whose images are on the video and with outside law enforcement authorities, as appropriate. Images of students captured on security videotapes that are maintained by a School's law enforcement unit may not be initially considered education records under FERPA but may be seen

as FERPA protected if later used by School Administration in a disciplinary proceeding. In order to view footage containing students' images other than of a Parent/Guardian's own child, permission must be requested by the Charter School and granted by the other students' Parents/Guardians before the Charter School may permit a Parents/Guardians' review of another student on the video footage for purposes of FERPA confidentiality.

Video footage will be maintained for only 30 days unless Administration is notified that there is a request for review by a Parent or Student based on a safety, behavioral or programming concern. If it is determined by Administration, after such a review, that any/all of the footage is to be maintained as an educational record, it will be maintained in accordance with the Charter School's Board Approved Record Retention and Destruction Policy.

Notice to the Charter School community of the use of surveillance cameras in areas of the School building in which Students do not have an expectation of privacy will be placed in the Parent/Student Handbooks which is distributed to all Charter School families annually. Such notice will also be posted on the School's website and by posting actual signs in the School building that surveillance cameras are located throughout public areas of the school building and therefore, that anyone on Charter School property may be videotaped. The notices shall contain language that no audio taping will occur with the videotaping. A contact person from the Charter School staff will be included in the Handbook for parents and students to make any inquiries regarding this policy and any related Charter School procedures.

With regard to any Open Records obligations of the Charter School, typically, FERPA-protected education records are exempted from the disclosure requirements of open-records laws. So if the recording is maintained by Charter School officials as an education record because, for instance, it contains images of a student in an altercation, the Charter School's obligations under FERPA to protect the confidentiality of the recording will, in most cases, override its open-records obligations.

OPEN CONTAINERS IN SCHOOL

It is the policy of TCCS to not allow open containers of food and or beverages in the classrooms without teacher approval. Any student who refuses to put away their open container or misuses it will be disciplined per the discipline code.

SENDING MONEY TO SCHOOL (Elementary)

Children, at times, bring money to school for different purposes. Often they do not know which amount is for what purpose. Parents should place money in envelopes clearly marked with the child's name, the amount of money enclosed (exact change), and the purpose for which it is intended.

MONEY AND VALUABLES

Students are asked not to bring in large sums of money or their valuables to school and place them in their hall or gym lockers. If a student has occasion to do so, he or she is strongly urged to leave the money/valuables in the office. The school is not responsible for theft or loss of any item. However, if something is lost or stolen, report the incident to the office.

WORKING PAPERS

Working papers are issued by Ms. Mahaney. Applications may be picked up in Room 412. Proof of age and parent signature is required.

Types of proof of age documents accepted when a student applies for working papers:

- 1) Birth Certificate
- 2) Baptismal Certificate
- 3) Other documentary evidence such as driver's license or permit.

DANCES

Dances are conducted to enrich the social atmosphere for students attending this school. The success of the dances is contingent upon students following the guidelines listed below:

- a) Students or guests who are not enrolled at TCCS may attend a dance if the TCCS student sponsors him/her. An "Event Guest Permission Form" found in the office must be submitted by the sponsoring student to the CEO/Principal before the event for authorization to attend. All approvals of an outside guest are at the discretion of the CEO/Principal. If a student brings a guest to a dance and did not have an "Event Guest Permission Form" signed by the CEO/Principal in advance, the guest is not permitted to attend the dance. The CEO/Principal reserves the right to deny permission for a guest to attend a dance for any reason.
- b) A TCCS student may sponsor only one student per dance and is expected to accompany the sponsored student for the entire evening.
- c) Students and their guest must sign in at the dance. Once at the school dance, students should remain until the dance is over; however, if a student must leave early, he or she must sign out and note the time, the parent must be notified, and then depart from school property. Re-admittance to a dance is not allowed.
- d) Excessive displays of affection by students will necessitate their being asked to leave the dance, and they may not be permitted to attend another dance for the remainder of the school year.
- e) Any student or guest that behaves in such a manner as to be in violation of TCCS Discipline Code will be removed from the dance and asked to leave school property. Students of TCCS will be held accountable for their behavior and appropriate disciplinary actions will take place as stipulated in the Discipline Code. Students and guests may be referred to local or state police agencies by school administration if their misconduct warrants it.

The charter school shall obtain written parent/guardian consent prior to releasing a student's educational record when prior consent is required by law, regulations or Board of Trustees policy.

The charter school shall notify parents/guardians prior to destroying personally identifiable information in a student's record that is no longer relevant or necessary for providing educational services to the student.

Recording of Meetings: Except as specifically provided for within this policy, the charter school prohibits audio, video and electronic recording of meetings between parents/guardians and charter teachers, paraprofessionals, program specialists, consultants or administrators.

An attempt to record a meeting by a parent/guardian after a verbal prohibition by charter school staff shall result in immediate termination of the meeting and may result in ejection from charter property and possible prosecution. The charter school shall permit audio recording of a meeting when a participant submits, at least five (5) days prior to the meeting, documentation that substantiates:

1. Participant has a disability that significantly limits his/her ability to meaningfully understand or participate in the meeting's intended decision-making and recording is the only feasible means of accommodating the limitation.
2. Individual has a legitimate interest in attending the meeting but for good cause is unable to do so, and recording is the only feasible means by which s/he can meaningfully understand and participate in the decision-making.

The charter school may permit video recording of a meeting when written consent is given by all participants at the meeting.

When an exception to recording a meeting is granted, the charter school employee responsible for the meeting shall arrange to record the meeting by similar means. Such recording shall be considered part of the student's educational record and be subject to relevant law and regulations.

Special Education Policy #113A

Students with disabilities shall be educated in the least restrictive environment and shall only be placed in settings other than the regular education class when the nature or severity of the student's disability is such that education in the regular education class with the use of appropriate supplementary aids and services cannot be achieved satisfactorily. The IEP team for a student with disabilities shall develop a positive behavior support plan if the student requires specific intervention to address behavior that interferes with learning. The identification, evaluation, and plan or program shall be conducted and implemented in accordance with state and federal law and regulations.

The Board of Trustees directs that the charter school's behavior support programs shall be based on positive rather than negative behavior techniques to ensure that students shall be free from demeaning treatment and unreasonable use of restraints or other aversive techniques. The use of restraints shall be considered a measure of last resort and shall only be used after other less restrictive measures, including de-escalation techniques. Behavior support programs and plans shall be based on a functional assessment of behavior and shall include a variety of research-based techniques to develop and maintain skills that will enhance students' opportunity for learning and self-fulfillment.

The following terms shall have these meanings, unless the context clearly indicates otherwise.

- Aversive techniques - deliberate activities designed to establish a negative association with a specific behavior.
- Behavior support - development, change and maintenance of selected behaviors through the systematic application of behavior change techniques.
- Behavior Support Plan or Behavior Intervention Plan - plan for students with disabilities who require specific intervention to address behavior that interferes with learning. A Positive Behavior Support Plan shall be developed by the IEP team, be based on a functional behavioral assessment, and become part of the individual student's IEP. These plans must include methods that use positive reinforcements, other positive techniques and related services required to assist a student with a disability to benefit from special education.
- Positive techniques - methods that utilize positive reinforcement to shape a student's behavior, ranging from the use of positive verbal statements as a reward for good behaviors to specific tangible rewards.
- Restraints - application of physical force, with or without the use of any device, designed to restrain free movement of a student's body, excluding the following:
 1. Briefly holding a student, without force, to calm or comfort him/her.

2. Guiding a student to an appropriate activity.
3. Holding a student's hand to escort him/her safely from one area to another.
4. Hand-over-hand assistance with feeding or task completion.
5. Techniques prescribed by a qualified medical professional for reasons of safety or for therapeutic or medical treatment, as agreed to by the student's parents/guardians and specified in the IEP.
6. Mechanical restraints governed by this policy, such as devices used for physical or occupational therapy, seat belts in wheelchairs or on toilets used for balance and safety, safety harnesses in buses, and functional positioning devices.
 - Seclusion - confinement of a student in a room, with or without staff supervision, in order to provide a safe environment to allow the student to regain self-control.
 - Students with disabilities - school-aged children within the jurisdiction of the charter school who have been evaluated and found to have one or more disabilities as defined by law, and who require, because of such disabilities, special education and related services.

Delegation of Responsibility-The CEO or designee shall ensure that this Board of Trustees policy is implemented in accordance with federal and state laws and regulations.

The CEO or designee shall develop administrative regulations to implement this policy.

The CEO or designee shall provide regular training, and retraining as needed, of staff in the use of specific procedures, methods and techniques, including restraints and seclusions, that will be used to implement positive behavior supports or interventions in accordance with students' IEPs and Board policy.

The CEO or designee shall maintain and report data on the use of restraints, as required. Such report shall be readily available for review during the state's cyclical compliance monitoring. Procedures shall be established requiring reports be made to the charter school by entities educating students with disabilities who attend programs or classes outside the district, including private schools, agencies, intermediate units and vocational schools.

Guidelines-Development of a separate Positive Behavior Support Plan is not required when appropriate positive behavioral interventions, strategies and supports can be incorporated into a student's IEP.

When an intervention is necessary to address problem behavior, the types of intervention chosen for a student shall be the least intrusive necessary.

Physical Restraints- Restraints to control acute or episodic aggressive behavior may be used only when the student is acting in a manner that presents a clear and present danger to the student, other students or employees, and only when less restrictive measures and techniques have proven to be or are less effective.

The Director of Special Education or designee shall notify the parent/guardian as soon as practicable of the use of restraints to control the aggressive behavior of the student and shall convene a meeting of the IEP team within ten (10) school days of the use of restraints, unless the parent/guardian, after written notice, agrees in writing to waive the meeting. At this meeting, the IEP team shall consider whether the student needs a functional behavioral assessment, re-evaluation, a new or revised positive Behavior Support Plan, or a change of placement to address the inappropriate behavior.

The use of restraints shall not be included in the IEP for the convenience of staff, as a substitute for an educational program, or employed as punishment. Restraints may be included in an IEP only if:

1. The restraint is used with specific component elements of a positive Behavior Support Plan.
2. The restraint is used in conjunction with teaching socially appropriate alternative skills or behaviors.
3. Staff are authorized to use the restraint and have received appropriate training.
4. Positive Behavior Support Plan includes efforts to eliminate the use of restraints.
5. The LEA must obtain parental consent prior to the use of restraints or intrusive procedures when included in a student's IEP.

Mechanical Restraints-Mechanical restraints, which are used to control involuntary movement or lack of muscular control of students when due to organic causes or conditions, may be employed only when specified by an IEP and as determined by a medical professional qualified to make the determination, and as agreed to by the student's parents/guardians.

Mechanical restraints shall prevent a student from injuring him/herself or others or promote normative body positioning and physical functioning.

Seclusion-The charter school permits involuntary seclusion of a student in accordance with the student's IEP or in an emergency to prevent immediate or imminent injury to the student or others, but the seclusion must be the least restrictive alternative.

The charter school prohibits the seclusion of students in locked rooms, locked boxes and other structures or spaces from which the student cannot readily exit.

Aversive Techniques-The following aversive techniques of handling behavior are considered inappropriate and shall not be used in educational programs:

1. Corporal punishment.
2. Punishment for a manifestation of a student's disability.
3. Locked rooms, locked boxes, other locked structures or spaces from which the student cannot readily exit.
4. Noxious substances.
5. Deprivation of basic human rights, such as withholding meals, water or fresh air.
6. Suspensions constituting a pattern as defined in state regulations.[7]
7. Treatment of a demeaning nature.
8. Electric shock.
9. Methods implemented by untrained personnel.
10. Prone restraints, which are restraints by which a student is held face down on the floor.

Referral to Law Enforcement -Subsequent to a referral to law enforcement, an updated functional behavioral assessment and Positive Behavior Support Plan shall be required for students with disabilities who have Positive Behavior Support Plans at the time of such referral.

If, as a result of such referral, the student is detained or otherwise placed in a residential setting located outside the charter school, the Director of Special Education or designee shall ensure that the responsible charter school or intermediate unit is informed of the need to update the student's functional behavioral assessment and Positive Behavior Support Plan.

Special Education Policy #113B

The Tidioute Community Charter School shall develop and implement Positive Behavior Support Plans and programs for students with disabilities who require specific interventions to address behaviors that interfere

with learning.

Students with disabilities who violate the Code of Student Conduct, or engage in inappropriate behavior, disruptive or prohibited activities and/or actions injurious to themselves or others, which would typically result in corrective action or discipline of students without disabilities, shall be disciplined in accordance with state and federal laws and regulations and Board of Trustees policy and, if applicable, their Individualized Education Program (IEP) and Positive Behavior Support Plan.

Students with disabilities - school-aged children within the jurisdiction of the charter school who have been evaluated and found to have one or more disabilities as defined by law, and who require, because of such disabilities, special education and related services.

Suspensions from school - disciplinary exclusion from school for a period of one (1) to ten (10) consecutive school days.

Expulsions from school - disciplinary exclusions from school by the Board for a period exceeding ten (10) consecutive school days and may include permanent exclusion from school.

Interim alternative educational settings - removal of a student with a disability from his/her current placement. Interim alternative educational settings may be used by school personnel for up to forty-five (45) school days for certain infractions committed by students with disabilities. The IEP team shall determine the interim alternative educational setting.

The Board of Trustees directs that the charter school shall comply with provisions and procedural safeguards of the Individuals With Disabilities Education Act (IDEA) and federal and state regulations when disciplining students with disabilities for violations of Board policy or charter rules or regulations. No student with a disability shall be subjected to a disciplinary change in placement if the student's particular misconduct is a manifestation of his/her disability. However, under certain circumstances a student may be placed in an interim alternative educational setting by school personnel or the IEP team could, if appropriate, change the student's educational placement to one which is more restrictive than the placement where the misconduct occurred.

Provision of Education During Disciplinary Exclusions-During any period of expulsion, or suspension from school for more than ten (10) cumulative days in a year, or placement in an interim alternative educational setting for disciplinary reasons, a student with a disability shall continue to receive a free and appropriate education, in accordance with law.

Suspension From School

A student with a disability may be suspended for ten (10) consecutive and fifteen (15) cumulative days of school per school year, for the same reasons and duration as a student without a disability. Such suspension shall not constitute a change in the student's educational placement. Also, use of interim alternative educational settings permitted by law does not constitute a change in educational placement for these purposes.

Changes in Educational Placement/Manifestation Determinations

For disciplinary exclusions which constitute a change in educational placement, the charter school shall first determine whether the student's behavior is a manifestation of his/her disability. Expulsion, or exclusion from school for more than fifteen (15) cumulative days in a year, or patterns of suspensions for substantially

identical behaviors constitute changes in educational placements requiring a manifestation determination. For students with mental retardation, any disciplinary suspension or expulsion is a change in educational placement.

A student with a disability whose behavior is not a manifestation of his/her disability may be disciplined in accordance with Board of Trustees policy, charter school rules and regulations in the same manner and to the same extent as students without disabilities.

Parent/Guardian Appeals From Disciplinary Actions/Request for Hearing by Charter school for Students Who Are a Danger to Themselves or Others- A due process hearing may be requested by a parent/guardian of a student with a disability who disagrees with a disciplinary placement or manifestation determination, or by the charter school if the district believes that the current placement is substantially likely to result in injury to the student or others. On parent/guardian appeal, or when the charter school requests a due process hearing, the hearing officer may return the student to the placement from which s/he was removed or order his/her removal to an appropriate interim alternative educational setting for up to forty-five (45) school days if the hearing officer determines that maintaining the child's current placement is substantially likely to result in injury to the student or others.

Placement during appeals of disciplinary actions shall be in the interim alternative educational setting pending the decision of the hearing officer or expiration of the time period set for the disciplinary exclusion from the student's regular placement unless the charter school and the parent/guardian agree otherwise.

Students who have not been identified as disabled may be subject to the same disciplinary measures applied to students without disabilities if the charter school did not have knowledge of the disability. If a request for evaluation is made during the period the student is subject to disciplinary measures, the evaluation shall be expedited.

Administrative Removal to Interim Alternative Educational Setting for Certain Infractions-School personnel may remove a student with a disability, including mental retardation, to an interim alternative educational setting for not more than forty-five (45) school days without regard to whether the behavior is determined to be a manifestation of the student's disability if the student:

1. Carries a weapon to or possesses a weapon at school, on school property, or at school functions under the jurisdiction of the charter school. For purposes of this provision, weapon is defined as a weapon, device, instrument, material, or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than two and one-half (2 ½) inches in length.
2. Knowingly possesses or uses illegal drugs, as defined by law, or sells or solicits the sale of a controlled substance, as defined by law, while at school, on school property, or at school functions under the jurisdiction of the charter school.
3. Has inflicted serious bodily injury upon another person while at school, on school property, or at school functions under the jurisdiction of the charter school. For purposes of this provision, serious bodily injury means bodily injury which involves a substantial risk of death, extreme physical pain, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

Referral to Law Enforcement-The charter school shall report crimes committed by a student with a disability to the appropriate authorities in the same manner as it reports crimes committed by students without disabilities.

When reporting a crime committed by a student with a disability to the appropriate authorities, the charter school shall ensure that copies of the special education and disciplinary records of the student are transmitted for consideration by these authorities. The charter school shall transmit copies of the student's special education and disciplinary records only to the extent that the transmission is permitted by the Family Educational Rights and Privacy Act.

Special Education Policy #113C

The Tidioute Community Charter School Board of Trustees adopted this policy to define the minimum requirements for screening; educational evaluations conducted to determine eligibility for special education services, instructional levels and programming requirements for students with disabilities, including functional behavioral assessments; and requirements for independent educational evaluations.

Authority-The Board of Trustees shall adopt a system of screening that may include early intervening services and must be designed to accomplish identification and initial screening for students prior to district referral for a special education evaluation. The system shall provide support to staff to improve working effectively with students in the general education curriculum, identify students who may require special education services and programs, and must include a hearing and vision screening and screening at reasonable intervals to determine whether students are performing at grade appropriate levels in core academic subjects.

Early intervening services shall comply with the requirements of State and Federal laws and regulations in order to address academic concerns or behaviors that may be impeding success, but which can be resolved through research-based intervention programs in the regular education setting.

The Board of Trustees authorizes the use of functional behavioral assessments (FBAs) as an evaluation to gather information to understand the purpose of the student's behaviors and to assist with developing a Positive Behavior Support Plan. FBAs must be conducted when:

1. A student's behavior interferes with his/her learning or the learning of others and information is necessary to provide appropriate educational programming.
2. A student's behavior violates the Code of Student Conduct and is determined to be a manifestation of a student's disability.
3. A student is placed in an interim alternative educational placement for a qualifying reason permitting such placement for up to forty-five (45) school days for certain offenses.
4. The school contacts law enforcement regarding a student who already has a Positive Behavior Support Plan.

FBAs may also constitute part of the initial evaluation to determine eligibility for special education.

The charter school shall comply with requirements of state and federal laws and regulations when conducting evaluations.

An appropriate evaluation of a student, whether conducted by charter school staff or individuals not employed by the charter school, shall consist of the administration of all testing and the use of all assessment procedures required to determine the existence of all legally defined disabilities reasonably suspected by charter school staff, parents/guardians, or the evaluator. An appropriate evaluation shall assist in determining the content of the IEP to enable a student with a disability to be involved in and progress in the general curriculum.

A student shall be assessed in all areas related to the suspected disability including, as appropriate, health,

vision, hearing, social and emotional status, general intelligence, academic performance, communicative status and motor abilities.

A re-evaluation of a student who currently has an IEP shall be conducted as required by state and federal law and regulations.

Parent/Guardian Requests-Parents/Guardians may request an evaluation at any time. The parent/guardian request must be in writing. If a request is made orally to any professional employee or administrator, that individual shall provide a copy of the permission to evaluate form to the parents/guardians within ten (10) calendar days of the oral request.

The charter school will carefully review any such requests and discuss with the parent the parent's rationale regarding the area of suspected disability. In some cases this discussion may result in the parent's withdrawing the request. In other cases the charter school may decide to honor the request consistent with the terms of the administrative regulation that implements this policy. If, however, the charter school rejects the parent's request, the charter school shall issue a NOREP denying the request, and inform the parents of their right to a due process hearing by providing a copy of the Procedural Safeguards Notice.

Appropriate Evaluations-An appropriate evaluation shall use a variety of assessment tools and strategies to gather relevant functional, developmental and academic information about a student.

An appropriate evaluation shall include:

1. Testing and assessment techniques required in light of information currently available from previous evaluations.
2. Information from parents/guardians and school staff familiar with the performance of the student.
3. The student's education records.

The evaluator shall review all such sources of information prior to conducting testing and assessment. The evaluator shall review assessments conducted by others that indicate how the student is responding to early intervening services and scientific research-based instruction and/or include such assessments as part of his/her evaluation.

To the extent that the results of such instructional assessments are inconsistent with the results of norm or criterion-referenced testing and assessments that the evaluator has administered, the evaluator shall explain the reason for the inconsistency in his/her report, if possible.

When assessing the presence of a specific learning disability, the evaluation shall be consistent with procedures adopted by the charter school and comply with state and federal law and regulations.

Testing and assessment procedures shall be selected and administered to yield valid measurement or assessment of the construct or quality they purport to measure or assess. The evaluator shall administer any testing or assessment procedures in a manner consistent with the requirements and recommendations of the publisher of the test or procedure and in compliance with applicable and authoritatively recognized professional principles and ethical tenets. S/He shall report any factor that might affect the validity of any results obtained.

All assessments and evaluation materials shall be selected and administered so as not to be discriminatory on a

racial or cultural basis. Where feasible, assessments and evaluations shall be administered in a language and form most likely to provide accurate information about the student.

The evaluation shall include an observation of the student in an educational setting, unless the student is not currently in such a setting. The evaluator shall obtain information concerning the performance of the student directly from at least one (1) current teacher of the student, unless s/he does not have a current teacher.

The evaluator shall hold an active certification that qualifies the evaluator to conduct that type of evaluation. If certification is not issued for the particular area of professional practice in which the evaluator is lawfully engaged, the evaluator shall hold such license or other credentials as required for the area of professional practice under state law.

The evaluator shall prepare and sign a full report of the evaluation containing:

1. Clear explanation of the testing and assessment results.
2. Complete summary of all test scores, including, for all standardized testing administered, all applicable full scale or battery scores; domain or composite scores; and subtest scores reported in standard, scaled, or T-score format.
3. Complete summary of all information obtained or reviewed from sources other than testing conducted by the evaluator.
4. Specific recommendations for educational programming and placement, if possible.

Re-Evaluations-Re-evaluations shall be conducted within the timeframes required by state and federal laws and regulations unless the parent/guardian and the charter school agree in writing that a re-evaluation is unnecessary. The group of qualified professionals that reviews the evaluation materials to determine whether the child is a student with a disability shall include a certified school psychologist when evaluating a student for autism, emotional disturbance, mental retardation, multiple disabilities, other health impairment, specific learning disability and traumatic brain injury.

Copies of the re-evaluation report shall be disseminated to parents/guardians at least ten (10) days prior to the meeting of the IEP team unless this requirement is waived in writing.

Independent Educational Evaluations-A parent/guardian who disagrees with the results or content of an evaluation performed or obtained by the charter school may request an independent educational evaluation at charter school expense. A parent/guardian is entitled to only one (1) independent educational evaluation at public expense each time the charter school conducts an evaluation with which the parent/guardian disagrees. The independent educational evaluation must arise from parents'/guardians' disagreement with the charter school's most recent evaluations or re-evaluations of the student. The charter school shall be entitled to a copy of all results of independent educational evaluation conducted at public expense. If an oral request for an independent educational evaluation is made to a professional employee or administrator, that person shall inform the parent/guardian that the request must be in writing. If the native language of the parent/guardian is other than English, the requirement that the parent/guardian make his/her request in writing shall be conveyed by whatever means practicable and, where feasible, in the native language of the parent/guardian.

A written request for an independent educational evaluation at charter school's expense shall be immediately forwarded to the Director of Special Education, who may, upon receipt of the written parent/guardian request, ask that the parent/guardian state his/her reasons for disagreement with the evaluation conducted or proposed by the charter school. The charter school cannot require the parent/guardian to do so, and the refusal of the parent/guardian shall not delay the process required by this policy.

The criteria under which the independent educational evaluation at public expense is obtained must be the same as the criteria used by the charter school in conducting an appropriate evaluation, including the location of the evaluation and the qualifications of the examiner, to the extent those criteria are consistent with the parent's/guardian's right to an independent educational evaluation at public expense. The qualified examiners who conduct the independent educational evaluation may not be employed by the public agency responsible for the education of the student.

Within ten (10) school days of receipt of a request for an independent educational evaluation in writing from a parent/guardian, the Director of Special Education shall either initiate a due process hearing to show that the charter school's evaluation is appropriate and notify the parent/guardian in writing that s/he has done so or issue to the parent/guardian correspondence containing:

1. Assurance that the charter school approves of the request for the independent evaluation, outline parameters of approval, which may include but is not limited to areas to be evaluated, evaluation fee limit, and request for evaluation estimate prior to the evaluation, for an appropriate independent educational evaluation in compliance with this policy.
2. Statement that the charter school will not pay for the evaluation until it receives directly from the evaluator a complete copy of a report of that evaluation and determines that the evaluation is in compliance with this policy.
3. Request that the parents/guardians consider accessing reimbursement for all or part of the evaluation from public or private sources of insurance or reimbursement, together with a clear assurance that the parent/guardian is not required to do so and that the charter school will pay any cost not covered by such sources.
4. Directions that the parent/guardian is responsible for arranging for the evaluation and ensuring that the evaluator contacts the Director of Special Education to arrange for payment of the evaluation.

Upon request, the charter school shall provide to parents/guardians information about where an independent educational evaluation may be obtained.

If the evaluation has already been conducted and paid for, the charter school shall issue correspondence advising the parent/guardian that the charter school will not reimburse the parent/guardian for the evaluation until it receives a complete and unredacted copy of the report of the evaluation and determines that the evaluation is in compliance with this policy. The charter school shall require documentation substantiating that the parents/guardians paid for or incurred the obligation to pay for the evaluation without reimbursement from a public or private source of insurance or reimbursement.

The Director of Special Education shall send the correspondence to the parent/guardian by certified mail or by other independently verifiable means of conveyance and enclose a copy of this policy.

The Director of Special Education shall maintain a list of qualified independent evaluators in each of the various disciplines commonly relied upon to provide education-related evaluations and assessments and shall promptly make that list available to any parent/guardian who requests it.

Right To Due Process and Confidentiality

Parents of thought-to-be exceptional children, exceptional children, and eligible young children shall be given the right to due process (in writing), with explanation; and the confidentiality of personally identifiable information on these children will be protected as guaranteed by state and federal law. Parents may request

access to educational records through the building CEO.

Protected Handicapped Students

Chapter 15, Protected Handicapped Students, further protects otherwise qualified handicapped students who fall under Section 504 eligibility requirements but are excluded from Chapter 14, Special Education Programs and Services.

Chapter 15 states that, “A school district shall provide each protected handicapped student enrolled in the charter school, without cost to the student or family those related aids, services or accommodation which are needed to afford the student equal opportunity to participate in and obtain the benefits of the school program and extracurricular activities without discrimination and to the maximum extent appropriate to the students’ abilities.”

Under Chapter 15 parents are given the right to initiate an evaluation and provision of services. If the parent wishes to initiate the evaluation process, he/she should contact the CEO or the Director of Special Education.

Child Find Notice 2023-2024

Children ages 3-21 can be eligible for special education programs and services. See TCCS Website and Student Handbooks.

If parents or a professional provider of services such as a physician believe that a child may be eligible for special education, the parent should contact the school district or charter school where the child attends or the Director of Special Education at TCCS or the NW Tri-County Intermediate Unit #5 in Edinboro, PA. Children aged three through the age of admission to first grade are also eligible if they have developmental delays, and, as a result, need special education and related services. Developmental delay is defined as a child who is less than the age of beginners and at least three years of age and is considered to have a developmental delay when one of the following exists: (i) The child’s score, on a developmental assessment device, on an assessment instrument which yields a score in months, indicates that the child is delayed by 25 percent of the child’s chronological age in one or more developmental areas, or (ii) The child is delayed in one or more of the developmental areas, as documented by test performance of 1.5 standard deviations below the mean on standardized tests. Developmental areas include cognitive, communicative, physical, social/emotional and self-help. For additional information you may contact the Early Intervention Department at the Intermediate Unit. (See Evaluation Process below for contact info.)

Evaluation Process EVALUATION

Parents of preschool age children, age three through five, may request an evaluation in writing by addressing a letter to the Early Intervention Supervisor, NW Tri - County Intermediate Unit #5, 252 Waterford St., Edinboro, PA 16412 or by calling 1-800-677-8461.

Consent

School entities cannot proceed with an evaluation or reevaluation, or with the initial provision of special education and related services, without the written consent of the parents. For additional information related to consent, please refer to the Procedural Safeguards Notice which can be found at the PaTTAN website at www.pattan.net. Once written parental consent is obtained, the school district, intermediate unit, charter schools, or PRRIs will proceed with the evaluation process. If the parent disagrees with the evaluation, the parent can request an independent education evaluation at public expense.

Program Development

Once the evaluation process is completed, a team of qualified professionals and the parents determine whether the child is eligible. If the child is eligible, the individualized education program (IEP) team meets, develops the program, and determines the educational placement. Once the IEP team develops the program and determines the educational placement, school district staff, intermediate unit staff or charter school staff will issue a notice of recommended educational placement/prior written notice. Your written consent is required before initial services can be provided. The parent has the right to revoke consent after initial placement.

Confidentiality of Information

The school districts, intermediate units, charter schools and PRRIs maintain records concerning all children enrolled in the school, including students with disabilities. All records are maintained in the strictest confidentiality. ENGLISH LEARNERS

In compliance with state and federal law, the Tidioute Community Charter School will provide an appropriate planned instructional program for identified students whose language is not English. In order to qualify, the student must have a dominant language other than English. That language must substantially limit progress in the school's academic program.

The TCCS guarantees that students enrolled in the ELL (English Language Learners) program have full access to the school's curriculum both required and elective.

SERVICES

TCCS believes that a successful guidance program must address the educational, personal, social, and career developmental needs of all students.

Responsibilities encompass, but are not limited to, the following roles: counsel students in regard to class schedules and graduation requirements; assist students with college/career decisions, provide financial aide information through materials, awareness of scholarship availability and/or workshops; provide supportive counseling for students with their personal problems; consult with parents, community agencies, administrators, and/or staff regarding students' individual needs; act as a liaison to help parents obtain viable community/school services; facilitate parents/community meetings with the primary emphasis being placed on the individual students needs. The mentor coordinator will at all times maintain the confidentiality of all information regarding students and families. The exception to this rule is where a condition or situation suggests that anyone is in imminent danger.

SSP (Student Support Program)

The Student Support Program is available through a collaborative in-house program designed to serve all students. The group will serve all students in grades K4-12 and . The TCCS SSP is a viable resource at our school. The SSP helps identify those students who may be a risk for Mental Health, academic difficulties, and/or drug & alcohol problems.

Identification begins when a student demonstrates through his/her school behavior or academic performance that he/she is experiencing difficulties. The TCCS SSP then identifies the student and begins to work with him/her. Data is gathered, using behavior checklists, assessments forms, and personal interviews with the student and his/her parents. Decisions are then based on the seriousness of the behavior, the patterns of behavior that are observed, and the degree of parental support. Appropriate referral resources are located either in or out of school, (i.e. counselors, support groups, treatment via the outpatient/inpatient Mental Health and/ or Drug & Alcohol programs).

SAFE TO SAY -Policy # 125

The Board of Trustees (“Board”) of the Tidioute Community Charter School (“Charter School”) recognizes its responsibility to safeguard the health and welfare of Charter School students and employees. The Sandy Hook Promise (“the Promise”) is a national non-profit organization founded and led by surviving family members of the Sandy Hook Elementary School Shooting on December 14, 2012. This Promise is designed to provide additional support for Charter School staff, students and our community. The Promise teaches Charter School students and staff to look for and report possibly warning signs, signals, and threats. This policy is not intended to replace the Charter School’s procedures as outlined in other policies, including the Emergency Preparedness, Active Shooter, and Mandatory Reporter Policy.

The Promise finds that each year in schools and communities across the United States, there are millions of youth who hurt themselves or others through verbal, physical and digital means. In a majority of these acts, youth and adults are witness to threats, warning signs or signals, especially on social media, but do nothing to intervene to help the at-risk youth. Additionally, there are many reasons why youth and adults do not Say Something when they see a warning sign or signal. They do not:

- Understand or know how to recognize the warning signs and signals of at-risk behavior
- Believe a threat to be true because “they would never say it publicly if they meant it”
- Want to be labeled, stigmatized and/or possibly physically threatened as a “snitch”
- Know who to tell or “believe that nothing will be done to help anyhow”
- Think they need to because someone else will say something.

Act 44 of 2018 (“Act 44”) institutes a statewide anonymous reporting system where Charter School staff are given new responsibilities regarding the safety of the Charter School, its staff, students and community. The anonymous tip program within Act 44 is known as the “Safe2Say Program” (“the Program”) and requires designated Charter School staff to monitor and react to tips within the Program 24-hours-per-day, every day of the calendar year.

Beginning January 14, 2019, the Pennsylvania Office of Attorney General is responsible for the following:

- (1) To ensure anonymous reporting concerning unsafe, potentially harmful, dangerous, violent or criminal activities in a school entity or the threat of such activities in a school entity.
- (2) To establish protocols and procedures to promptly notify the appropriate law enforcement agency via 911 centers and the Pennsylvania State Police when the program receives an anonymous report of violent or criminal activities in a school entity that poses an immediate threat of violence or criminal activity.

- (3) To ensure that the identity of the individual making a report remains unknown to any person, including law enforcement officers and employees of the office.
- (4) To ensure that information obtained from an individual making a report who voluntarily discloses his or her identity and verifies that he or she is willing to be identified may be shared with law enforcement officers, employees of the office and school officials.
- (5) To ensure that if the identity of an individual making a report becomes known through a means other than voluntary disclosure, the identity is not further disclosed.
- (6) To establish procedures to promptly forward information received by the program to the appropriate law enforcement agency, school official or organization, as determined by the office. The office may not be held liable for investigation of a report made to the program following confirmation of receipt of the report by the appropriate law enforcement agency, school official or organization.
- (7) To train or provide instruction to individuals, including, but not limited to, emergency dispatch centers and school entities, on appropriate awareness and response to the program.
- (8) To provide program awareness and education materials to school entities.
- (9) To, in consultation with the Department of Education, establish guidelines school entities may utilize to respond to a report received from the program.
- (10) To work with school entities, local law enforcement agencies and organizations to identify each person to whom a report from the program will be sent.

- (1) To provide notice to the appropriate law enforcement agency, school entity and organization in accordance with the procedures established under section 1303-D.

(2) Upon order of the court as provided in section 1306-D.

An individual who discloses a record in violation of this section commits a misdemeanor of the third degree.

False Reports

If a report filed with the program is determined to be a false report, information about the subject of the false report shall not be made part of the subject student's record.

HOMEWORK

Homework is assigned to reinforce classroom instruction. If a student chooses not to do it or to copy someone else's work, he or she forfeits the opportunity to get the needed practice and the assigned grade. Written work and studying constitute homework. One objective in education is to teach students proper study habits. Students should do their homework whenever possible in an appropriate location – a place from distractions, with proper lighting, and with necessary supplies.

SUMMER HOMEWORK

All students who enter grades Kindergarten 4 (K4) through 12th grade are required to complete math and reading assignments over the summer. AP classes for grades 11 - 12 may require summer homework based on the class requirements.

Your children have been informed by their teachers as to the requirements of the summer reading and math work. Students that enrolled over the summer were given work to complete before the start of the school year. These requirements will be sent home with each student. Extra copies of the requirements will be available in the office during regular business hours. Your child's summer work will be assessed at the beginning of the school year, and the score of their assessment will count for 25% of their first marking period grade, any summer homework not turned in will result in a zero.

HOMEWORK REQUESTS

A note for parents - It takes a great deal of time for each of your child's teachers to prepare work to be sent home when a student misses school. We ask your kind cooperation in the following manner:

For a prearranged absence: If you know ahead of time that your child is going to be missing school due to surgery, hospitalization, or if you are taking your child out of school for an educational trip, please contact the office.

For an absence:

1. Now that TCCS has one on one technology and all students are issued ipads and chromebooks that they are able to take home, students can view assigned work and deadlines through google classroom.
2. If you must request hard copies of work for your child when they are out of school, call the school office in the morning (best between 8:00 and 8:30, but no request will be honored after 11:00 a.m.) to allow teachers time to put work together.
3. Please pick up the work promptly at the arranged time at the front desk in the lobby.
4. When you request the work to be sent home with another student, you are asked to:
 - a. select a responsible student
 - b. speak with that student personally so the student agrees to the arrangement and is aware of the responsibility
 - c. Remember, it is asking a great deal of a student to carry all his/her textbooks as well as your child's. Please avoid this whenever possible.
5. See that your son or daughter does indeed take the time to do the work you requested. If your child does not do these assignments while at home, we will not be able to send work the next time it is requested.
6. It is still your child's responsibility to see each teacher when returning to school to:
 - a. turn in completed work to the teachers
 - b. ask if there are other things of which he/she needs to be aware of
 - c. It is the responsibility of the student to turn in all work one week or less from the time the teacher assigns the work. Extended deadlines must be discussed with the teacher that assigned the work.

In addition, no photograph may be taken without the expressed written consent of the subject.

Because such violations may constitute a crime under state and/or federal law, the charter school may report such conduct to state and/or federal law enforcement agencies.

The charter school shall not be liable for the loss, theft, damage or misuse of any electronic device.

Delegation of Responsibility

The charter school CEO shall develop administrative regulations/procedures to implement this policy. When new personal technology devices are created or their functions change or become a disruption to the educational environment, the Board of Trustees authorizes the CEO or designee(s) to prohibit or regulate their use on charter school property, charter school buses or vans, and at charter school-sponsored activities and events.

Teachers are expected to monitor and enforce the appropriate use of cell phones and other electronic devices by students.

The charter school CEO or designee shall annually notify students, parents or guardians, and employees about the Board of Trustees electronic device policy.

Exceptions to the Restricted Use of Personal Technology Devices During the School Day

COMPUTER/ TECHNOLOGY MISUSE

(The same rules apply when students have their school technology at home)

A student's use of the Tidioute Community Charter School's computers and Internet resources is a privilege, not a right. In addition to the following requirements, students are required to abide by the rules and regulations set forth in policy #237, titled: "Electronic Devices". Students, and their parents/guardians, are notified of the contents of the "Electronic Devices" at the start of each school year and its contents are hereby incorporated by reference in this Discipline Policy. The disciplinary consequences for a violation of the "Electronic Devices" are as follows:

1. Students will be notified of each alleged violation of the Electronic Device. Mr. Shirey will monitor the use and notify administrators of possible offenses while temporarily suspending privileges and allowing investigation.
2. Depending on the severity of the violation of the Compute Use/Internet Policy, students face disciplinary consequences ranging from a warning to loss of privileges to use the school's computers, or in some cases, suspension or expulsion.
3. Suspicion of a student's illegal use of the Internet or school computers, such as copyright violations, theft of services, using the system to publish defamatory statements, may be reported to the appropriate legal authorities for possible prosecution.
4. Students are responsible for damages to the equipment, systems, and software resulting from deliberate or willful acts.
5. Students are not permitted to pirate school issued wifi on their own personal devices. If Students are caught, discipline will accompany the student who pirates the wifi.

TELECOMMUNICATIONS POLICY FOR STUDENTS

The use of the Internet is limited to educational, career, and high quality self-discovery under the supervision of a certified instructor or administrator. The supervising instructor will decide how much time, when, and how often a student may divulge in high quality self-discovery. The subject matter of this self-discovery must be approved by the supervising instructor and can only be done when the equipment is not being used for curriculum related assignments. The school maintains blocking software to monitor to restrict access to certain sites. See Board policy #815 Acceptable Use of Technology.

INTERNET INSTRUCTION REQUIREMENTS FOR STUDENTS

Students must have training by a certified instructor assigned by the building administrator, prior to having access to the Internet. The content should include, but not be limited to policy, procedure, acceptable use, safety, search, search strategy, and access to information resources made available through the Internet. Parents may specifically request that their child not be provided such access by notifying the building administrator in writing.

Computers (cart) and Chromebooks:

Computer carts and Chromebooks will primarily be used for basic instruction of the Internet. Students may only use the websites the subject area instructor has designated for the assignment on Chromebooks and computers.

See the “Acceptable Use of Technology” signature page for information on misuse/unacceptable use of technology and information about their Chromebook.

Mailing Lists (LISTSERVS)

Students will be able to subscribe to mailing lists only as part of a curriculum related project and only for the period of time that the project is active with approval by the building administrator.

Students participating in mailing lists must register with the building administrator. Existing instructions must be left on file with the administrator for each mailing list to which subscribed.

Invasion of Privacy

Students should refrain from unreasonable intrusions concerning the privacy of school employees, other students, or third parties. Invasions of privacy can include, but are not limited to casting another in a false light, creating unwarranted publicity about another, obtaining information about or images of another via inappropriate means, or tampering with information concerning another.

Copyright and Plagiarism

TCCS policies on copyright will govern the use of material accessed through the school system. Because the extent of copyright protection of certain works found on the Internet is unclear, instructors will make a standard practice of requesting permission from the holder of the work if their use of the materials has the potential of being considered an infringement. Proper citation of electronic resources will be taught to students who use computers and telecommunications to gather information for research. Plagiarism will be discouraged

as it is with all other research projects and will be subject to possible disciplinary action.

Cheat - to deceive, deprive by fraud, pretense obtain property by distortion of the truth, swindle, or all of the above.

Plagiarize - to steal and pass off as one's own the ideas or words of another, to present as one's own idea or product an article derived from an existing source.

Students caught cheating or plagiarizing will be given a zero (0) on the assignment/test with teacher discretion to make up the work. They may also receive consequences as aligned with this handbook.

Publishing on the Web

All web pages to be created through the use of TCCS equipment or representing the school or a school supported group must be linked through the TCCS Home Page.

No pictures or personal information about employees or students may be posted on the Internet without permission of the person, or in the case of persons under the age of 18, the parent or guardian. All web pages must be approved by the CEO or his or her designee prior to being mounted, or linked to the TCCS Home Page.

Classes may establish web pages that present information about the school or class activities. Students may establish personal web pages with the approval of the building administrator and in conjunction with a school assignment. Material presented in the student's website must be related to the student's educational activity. All web page work must be free of spelling and grammatical errors. All graphics must follow guidelines set forth by copyright laws. Only when necessary for a curriculum oriented project may a graphic file be downloaded from the Internet. Permission to post the graphic should be sought from the creator of the graphic file. Graphics should be identified with the originator or document from which it was extracted.

These types of projects will be removed from the individual building home page at the end of the school year in which the project was created. Documents may not contain objectionable material or link directly to objectionable material. Student web pages must have a notice that indicates the web site was designed by a student, and that the opinions expressed are not attributed to school. All student web pages must be approved by the CEO; his/her designee, and the web manager prior to becoming a link from the school website. With such approval, extracurricular organizations may establish web pages with links. Material presented on the organizational web page must relate specifically to the organization and that the opinions expressed are not attributed to the school.

ASSEMBLY PROGRAMS

Assembly programs are scheduled for the enjoyment and cultural enrichment of the student body. Destructive and disruptive behavior will not be tolerated and may result in the immediate removal of the offender(s) or

termination of the program. In addition, disciplinary measures may be pursued if the offense warrants further action.

MANDATORY PARTICIPATION AT EVENING PERFORMANCES

The Board of Trustees recognizes the value to students in sharing their talents and skills with the community through their participation in performances for the public. The Board feels that public performances are an integral part of the course work for students enrolled in courses relating to the performing arts.

The Board endorses such mandatory performances by students when such performances contribute to or are a natural culmination of work in the classroom. These mandatory performances are an integral part of the course requirements.

FLAG SALUTE AND PLEDGE OF ALLEGIANCE-It is the responsibility of every citizen to show proper respect for his or her country and its flag. However, students may decline to recite the Pledge of Allegiance and may refrain from saluting the flag on the basis of personal belief or religious convictions. This right has been affirmed by the United States Supreme Court in the case of West Virginia State Board of Education vs. Barnett, 319 U.S. 6324 (1934). Students who choose to refrain from such participation shall respect the rights and interests of classmates who do wish to participate in a meaningful ceremony. A student who chooses not to participate may either stand or sit, remaining respectfully silent.

EXTRA-CURRICULAR ACTIVITIES

The Board of Trustees believes that the goals and objectives of this school are best achieved by a diversity of learning experiences, some of which are more appropriately conducted outside the regular classroom curriculum program of the school. All learning experiences offered by the school, curricular and co-curricular, should be planned and integrated toward the attainment of the school's objectives with the mission in mind.

Co-Curricular Activities

For the purpose of this policy, "co-curricular activities" shall be those activities which are sponsored or approved by the Board, but are not offered for credit toward student participation in the processes of initiation, planning, organizing, and execution. They are available to all students who voluntarily elect to participate. When eligibility requirements are necessary or desirable, the CEO shall be informed and must approve the establishment of eligibility standards before they may be operable, and shall ordinarily include: intramural sports, band, chorus, and clubs.

Philosophy

Participation in co-curricular activities is a privilege afforded to students that carries with it the responsibility of good behavior. The TCCS recognizes that acceptable behavior is essential to the development of responsible and self-disciplined citizens and to effective school programs. Positive behavior is based on respect for one's self and for the worth and dignity of others. The TCCS has a legitimate and substantial community interest in promoting respect for authority, traditional values, and in developing positive behavior.

It is the intention of the CEO that the school's programs help students achieve maximum development of individual knowledge, skills and competence, and that they provide behavior patterns which will enable students to be responsible, contributing members of society.

The CEO will periodically review and approve the following rules of conduct for students:

1. Honor the inherent right of parents
2. Will not infringe on constitutionally protected rights
3. Will be printed in a manner to be made available to students and parents
4. Will be applicable on the school grounds during and immediately before or after school hours

5. On the school grounds at any other time when the school is being used by any school group

Such meetings must be voluntary, student initiated, and not sponsored in any way by the school, its agents or employees. Students violating any co-curricular regulation while participating in a club organization activity will be subjected to disciplinary action as defined in the specific rules section.

The Board of Trustees takes the following position on these organizations:

A. All non-school sponsored organizations, e.g., fraternities, sororities, and other so-called organizations shall be regarded as within parental authority, and entirely apart from school responsibility, except as noted in "B" of this section.

Student Athletic Policy 2023-2024

Physical Exams

A pre-participation physical examination must be performed by an authorized medical examiner in accordance with the procedures set forth by the constitution and by-laws of the PIAA. (Volleyball and Basketball) This

must be submitted by the first day of official practice in order for a student athlete to participate in any and all practices and games.

Academic Eligibility

In addition to the athletic eligibility standards set by the Pennsylvania Interscholastic Athletic Association (PIAA), TCCS Student-Athletes are expected to maintain appropriate and solid performance in the classroom. Participation in athletics is a privilege, not a right, and students should remember that their academic performance is vital to their future success. In order to assist the student in meeting his/her academic obligations, teachers and coaches are encouraged to engage in a free-sharing of information. The ultimate responsibility, however, rests with the student, who must meet the academic standards discussed below:

- Student athlete's eligibility will be monitored on a weekly basis. The student-athletes' grades will be checked every Monday. The weekly eligibility period begins on Monday and ends on Sunday. All student-athletes are encouraged to attend tutoring when they are having difficulty in any of their classes.
- If a student-athlete is failing one class, they will be given an **Academic Warning** and encouraged to seek tutoring.
- If a student-athlete has failing grades in two or more classes at one time, he or she will be placed on **Athletic/Academic Suspension**. During suspension, the student-athlete may, at the discretion of the coach, participate in practices but not in competitions. However after two weeks of suspension, if the grades have not reached proficiency, the student-athlete will no longer be able to participate in practices.
- Student-athletes on **Athletic/Academic Suspension** are not permitted to be excused early from school to attend away competitions

The purpose of this eligibility plan is to respect the fact that most of our student-athletes are able to maintain high academic standards while also participating in extracurricular activities. For those who may experience academic difficulty, this plan provides an opportunity to use athletic participation to help encourage improved academic performance. If, however, the students grades have not been updated in two consecutive weeks (teachers grade books), the student will be able to participate in athletic events.

School Day Attendance

6. In the case of late arrivals during an athletic season Student-Athletes must be signed in at the office before 10:00 a.m. If a student signs in after 10:00 a.m., they will not be eligible to participate in the day's practice/game. The Athletic Director will investigate unusual circumstances. This expectation is in place so that students may not choose to avoid school work but still intend to play the sport after school.
7. Late arrivals (tardies) during an athletic season are limited to 5 occurrences without proper documentation. Students who exceed that limit will not be eligible for that day's practice/game thereafter.
8. If a Student-Athlete is absent part of the school day due to a medical reason or family emergency, he/she may provide an excuse from the doctor for medical reasons or parent/guardian for a family emergency validating the absence to still be eligible to participate in that day's practice/game.
9. In the case that Student-Athletes are part of a school club or organization that has an activity requiring

absence during the school day, the absence will be excused and he/she will be eligible for the day's practice/game.

10. Attendance shall be tracked by the coaching staff and/or Athletic Director.
11. According to PIAA bylaws: "A student who has been absent from school during a semester for a total of 20 or more school days, is ineligible to participate in an inter-school practice, scrimmage, or contest until the student has been in attendance for a total of 45 school days following the student's 20th day of absence." This encompasses the entire school year, both first and second semester.
12. Students must be enrolled in at least 4 credits to be considered a full time student in order to be eligible for athletics and extracurricular activities.

Discipline

Student-athletes that receive discipline referrals during an athletic season will automatically be subject to the following:

Any student suspended or expelled from school shall be automatically excluded from participating in all school or co-curricular activities for the duration of the suspension or expulsion. This includes In School Suspension (ISS), Out of School Suspension (OSS), and Expulsion.

Students who commit other conduct violations may be excluded from participating at the discretion of the building principal, athletic director and coaches.

Absences from Practices/Games

- Consequences for unexcused absences will be determined as per team rules, as agreed upon by coach and athletic director.
- All student-athletes must complete at least 5 practices before the student is eligible to participate in a competition.

Conduct Unbecoming of a Student Athlete

- Student-athletes at TCCS are held to higher standards than the rest of our students, at times, because they are in the public and represent our school in various venues. TCCS athletes should display the Bulldog uniform with pride.
- This conduct includes, but is not limited to: disrespect by a Student-Athlete to another player, coach, official, spectator, faculty, or staff, use of obscene or offensive language, any rude or improper gestures.
- In the case of a report that a student-athlete at TCCS has committed any form of conduct unbecoming of a student-athlete either inside or outside of school, the incident will be investigated. Tobacco, Alcohol, or Drug Use

Use of tobacco, alcohol, or illicit drugs and including vaping by Student-Athletes at TCCS will not be tolerated. In the case of a report that a Student-Athlete at TCCS has been using tobacco, vaping, alcohol, and/or illicit drugs, either inside or outside of school, the incident will be investigated. If enough evidence is found to prove that the original report was true, the student will have their privilege to be a Student-Athlete reviewed and a consequence applied-up to from temporary suspensions from practice- games to season

SAFETY .
2. All students must ride the game bus home unless they have approval from the head coach as well as a signed note from their parent/guardian before they are excused from riding the bus home with the team.
3. In the case that a parent/guardian requests that their son/daughter be excused from using the provided transportation the acting Athletic Director will decide if it is a reasonable request and grant or deny permission. This request must be written and signed by the parent/guardian and received at least one day in advance.
4. Students are expected to follow all school handbook rules during transportation.

Injuries

1. Any student that has been deemed ineligible to play by medical note, will not be permitted to dress for practice.
2. No athlete will be permitted to return from injury unless they are cleared by a doctor.

Sportsmanship

- Good sportsmanship is everyone's responsibility.
- Athletics are part of the educational experiences and the benefits go beyond the final score of a contest.
- Students are encouraged to perform their best and learn, understand, and respect the rules of a contest, as well as the officials who administer them and their decisions and our opponents.
- Student-athletes are spokespersons for our school when attending an athletic event. Family and friends, opposing fans, the local community and the media, view your actions. Your display of good sportsmanship will show the most positive things about you and TCCS; and a reminder that sports are meant to be fun. Negative displays by students will be addressed by school officials with disciplinary

actions assigned as needed in order to maintain a positive environment for all.

PEST MANAGEMENT

TCCS uses an Integrated Pest Management (IPM) approach for managing insects, rodents and weeds. Our goal is to protect every student from pesticide exposure by using an IPM approach to pest management. This approach focuses on making the school building and grounds an unfavorable habitat for these pests by removing food and water sources, and eliminating their hiding and breeding places. We accomplish this through routine cleaning and maintenance. We routinely monitor the school buildings and grounds to detect any pests that are present. The pests monitoring team consists of our building maintenance, office and teaching staff, and includes our students.

Pest sightings need to be reported to our Head Janitor who evaluates the "pest problem" and determines the appropriate pest management techniques to address the problem. The techniques can include: increased sanitation, modifying storage practices, sealing entry points, physically removing the pest, etc. From time to time, it may be necessary to use pesticides registered by the Environmental Protection Agency to manage a pest problem. A pesticide will only be used when necessary, and will not be routinely applied. When a pesticide is necessary, the school will try to use the least toxic product that is effective. Applications will be made only when unauthorized persons do not have access to the area(s) being treated. Notices will be posted in these area(s) prior to application and for two days following the application.

Parents or guardians of students enrolled in the school may request prior notification of specific pesticide applications made at the school. To receive notification, you must be placed on the school's notification registry. If you would like to be placed on this registry, please notify the school in writing. Please include your e-mail address if you would like to be notified electronically. If a pesticide application must be made to control and emergency pest problem, notice will be provided by telephone to any parent or guardian who has requested such notification in writing. Exemptions to this notification include disinfectants and anti-microbial products; self-containerized baits placed in areas not accessible to students, and gel type baits placed in cracks, crevices or voids. Each year the school will prepare a new notification registry.

HOMEROOM

Arrive at school and classes on time. Homeroom is very important. It is in the homeroom where information is shared with students and staff, and attendance accounting is initiated.

- a. Each student and staff has the opportunity to stand and pledge allegiance to the flag of the United States of America.
- b. Listen to all announcements and respect the rights of others to listen. Review the weekly schedule.
- c. Follow the rules of conduct posted in each homeroom/classroom.

Every teacher, vice principal, and principal in the public schools shall have the right to exercise the same authority as to conduct and behavior over the pupils attending this school, during the time they are in attendance, including the time required in going to and from their homes, as the parents, guardians, or persons in parental relation to such pupils may exercise over them. At seven points, a meeting is requested with the parent, student, and any concerned member of the TCCS professional staff. At ten points, the student is recommended to the TCCS Board of Trustees for expulsion, depending on the recommendations made by the school's hearing officer. ELEMENTARY DISCIPLINARY PROCEDURES

The administration of the Tidioute Community Charter School bases this Handbook on the following issues: health, safety, and an uninterrupted educational process. The administrator reserves the right to make individual decisions concerning disciplinary actions and procedures and/or modify the corrective and/or punitive actions relative to the severity of the offense. This Handbook, and all of the contents, are at the discretion of the administration.

The classroom teacher will handle a minor infraction or a first offense in one of the following ways, but not limited to:

- Teacher/Student Conference
- Teacher/Student/Parent Conference
- Teacher/Student/Parent/Administrative Conference
- Warning (may be included with the above)
- Limited Recess Time and/or Missed Recess
- Remove Student to Hallway or Another Room
- Change Seat/Move Desk
- Assigned Lunch Seat

Privileges that may be revoked may include attendance on field trips, eating in the lunchroom with peers, and others as deemed appropriate by the administrator. Parental/guardian notification will be a routine action in major offenses.

Offenses beyond the limits set above will result in the maximum disciplinary action that can be applied to the offense.

This student handbook is in effect at all school-sponsored activities (events, parties, concerts, field trips, etc.), during the transporting of students (on school buses and/or commercial transportation), and any activity at which a student represents TCCS.

The following is a list of infractions and disciplinary procedures. This is not an inclusive list, but it does delegate most infractions and consequences occurring at the elementary level.

Verbal Warnings

Verbal warnings are issued to students for minor infractions of our discipline policy. They are designed to call the student's attention to behavior that is not acceptable, in hopes that the student will make necessary modifications

TCCS Expectations

Students will be reminded of the TCCS expectations. These expected behaviors have been created to provide students with guidelines for proper behavior in the classroom, hallway, restroom, cafeteria, bus, arrival and dismissal, and on the playground. For a level 1 and 2 first offense students will have to complete a reteaching of our TCCS expected behaviors.

Loss of Privileges

Teachers and administrators, at times, may feel that a loss of a privilege is the most appropriate consequence for a given infraction. Students could potentially lose the privilege of an assembly, party, computer time, field trip, or special activity. This response is most usually immediate and closely aligned to the offense.

Lunchroom Rules

The elementary school uses a closed lunch period. TCCS employees monitor the students during this thirty-minute interval. It is a time for students to eat and socialize with their classmates. There are six (5) basic rules which include:

- Stay seated.
- Raise hands if you need aid/ assistance.
- Be respectful to self, friends, and aides.
- Use good lunchroom manners.
- Keep hands, feet, bodily fluids, and food to oneself and talk only at your table.

Failure to follow these rules could result in verbal warnings, a change in lunchroom seating, lunch or after school detention, loss of activities or in-school suspension. Students are expected to act appropriately in the lunchroom and use proper etiquette.

DETENTIONS

Teacher/Administrator Detention

The student is required to stay after school until 4:15 p.m. Parents/guardians will be notified at least 24-hours in advance of the detention to be served and will need to provide transportation home from detention for their child.

** Students will not be kept in detention on days when weather creates a hazard to their health or safety.

Recess Detention

The student will report to the assigned classroom to serve their assigned recess detention. Parents will receive a written notice to sign and return.

Lunch Detention

The student is separated from other students/isolated during the lunch period for one or more days. Parents will receive a written notice to sign and return.

In-School Suspension (ISS)

The student is removed from the classroom and is monitored by a suspension assistant, this includes all School evening activities, practices, or games. The classroom teacher provides the assignments for the day or days. In-school suspension may be utilized as an appropriate response to Level 3 or 4 offenses. The duration of an in-school suspension may vary from one or more days, but not to exceed ten (10) days.

Out-of-School Suspension(OSS)

The student does not come to school nor is she/he allowed on school property for the duration of the suspension. This includes all school evening activities, practices, or games. The duration of an out-of-school suspension may vary from one to ten consecutive days.

Student Assistance Program (SAP)

The Student Assistance Program (SAP) is designed to help school personnel to identify issues, including alcohol, drugs, mental health and behavioral concerns that could pose a barrier to a student's learning and school success. The SAP uses a systemic process, along with specially-trained personnel, to intervene and refer these students to appropriate in-school and/or community services. Parent involvement is an essential part of the process. Members of the team include principals, teachers, our mental health professional, and the school nurse. The Student Assistance Program is a voluntary support service for students and families. All information regarding a student's involvement in the program is confidential and maintained in the best interest of the student. For questions on SAP please contact Melissa Mahanney, at (814) 484-3550.
